# PH should not pin hopes on BPO, says think tank

By Lyle R. Johnson

**PHILADELPHIA**—The city should not pin its hopes on becoming a global business process outsourcing hub, according to a report from the Brookings Institution, a leading think tank. The report, released last week, says that while BPO is a growing industry, it is not a sustainable long-term economic driver for the city. Instead, the report suggests that the city should focus on strengthening its traditional industries and attracting high-tech jobs.

The report, titled "The Future of Philadelphia: A Strategic Vision for the City," was released by the Brookings Institution, a leading think tank. Figure 1 is a line graph with 'Number of hauls' on the x-axis (0 to 10) and 'Percentage of total catch' on the y-axis (0 to 100). Three data series are plotted, all showing a rapid increase in catch percentage as the number of hauls increases, eventually leveling off. The series are labeled as *P. setiferus*, *P. setiferus* + *P. setiferus* + *P. setiferus*, and *P. setiferus* + *P. setiferus* + *P. setiferus*.

## Learning from Sendong's floods

By Bill Walker  
Journalist & Editor

Sendong, China, is a small town of about 10,000 people. It is located in a valley, and the surrounding hills are covered in dense forest. The town is surrounded by rice fields, and the water level is high, reaching the roofs of the houses. The water is murky and brown, and the air is thick with the smell of mud. The people are wading through the water, carrying their belongings on their heads. The scene is one of chaos and despair.

# Unified ticketing scheme set soon

By The Inquirer Staff

MANILA, Jan. 29 (Inquirer) — The Department of Transportation (DOTr) is set to launch a unified ticketing scheme for all its modes of transport, including the new Light Rail Transit (LRT) Line 1, by the end of the year.

DOTr Secretary Arroyo said the unified ticketing scheme will allow passengers to use a single card or app to travel across all modes of transport, from the LRT to the new Manila Metro Rail Transit (MRT) Line 3.

The unified ticketing scheme will also allow passengers to transfer between modes of transport without the need to buy a new ticket. This will make traveling easier and more convenient for passengers.

DOTr is currently in the process of testing the unified ticketing scheme with a group of passengers. The results of the testing will be used to refine the scheme before it is launched.

The unified ticketing scheme is expected to be launched by the end of the year. This will be a significant step towards creating a more integrated and efficient public transport system in Manila.

DOTr is committed to providing a safe, efficient, and convenient public transport system for all its passengers. The unified ticketing scheme is a key part of this commitment.

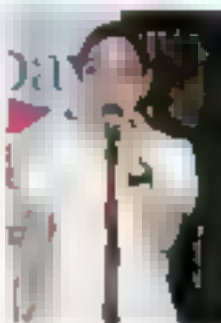

For more information on the unified ticketing scheme, visit the DOTr website at [www.dotr.gov.ph](http://www.dotr.gov.ph).

### Recovery of Chlorophyll

**T**he first time I saw the word "feminism" in a dictionary, I was struck by the definition: "the doctrine of the rights of women." It was a simple, straightforward definition, but it also felt like a revelation. I had always known that women had rights, but I hadn't realized that there was a specific term for it. It was a small moment, but it felt like a door had opened, revealing a world of ideas and movements that I had never before explored.

Figure 1 is a 3D surface plot showing the critical temperature  $T_c$  (in Kelvin) as a function of the concentration of the second component  $x_2$  and the parameter  $\alpha$ . The vertical axis represents  $T_c$  (K) and ranges from 0 to 100. The horizontal axis represents  $x_2$  and ranges from 0 to 1.0. The depth axis represents  $\alpha$  and ranges from 0.0 to 1.0. The surface shows that  $T_c$  increases as  $x_2$  increases and decreases as  $\alpha$  increases.

## Four photo hobbyists form 'Framed Up'

By Delfino S. Dela Cruz  
Staff Writer

**L**ocal photo hobbyists have formed a group called "Framed Up" to promote photography in the community.

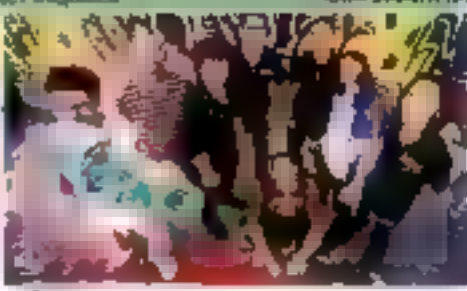

From left: Remy, Peter, John, and Francisco.

The group, which was formed last month, aims to provide a platform for local photographers to showcase their work and share their passion for the art. The members of Framed Up are Remy, Peter, John, and Francisco, who are all avid photographers and have been active in the local photography scene for several years.

The group's first project was a photo walk around the city, where they captured various scenes and subjects. They plan to continue with more projects in the future, including a photo contest and a workshop for aspiring photographers.

Framed Up is open to anyone who is interested in photography. They welcome new members and encourage them to join the group to learn from the experienced photographers and to share their own work.

## Why Iza turned Kapamilya

By Michael D. Lind

Iza Aragon, the former Miss Universe Philippines, has turned Kapamilya. She is now a regular on the network's hit show, 'The Circle'. In the image, she is wearing a white dress and posing elegantly.

Two women are shown in a photo. One is wearing a pink top and the other a purple top. They appear to be smiling and posing together.
